July 11, 2020

I am a business consultant specializing in accounting practices for small businesses. I have had the pleasure of working with Rufus Lorenzo Devers in the growth of his business, Gyft Lyfe Production LLC since the second quarter of 2019 assisting in preparation of income taxes and other accounting records.

As a result, I have had the privilege of seeing Lorenzo grow in business acumen and the expansion of his Terpene Cream product. It is my opinion that both Lorenzo and his product has to potential achieve substantial growth in the years to come providing a wellness product of tremendous benefit to all.

I look forward to a continued working relationship with Lorenzo and the growth of his company.

Respectfully submitted,

A handwritten signature in black ink that reads "Lynne E. Keller". The signature is written in a cursive, flowing style.
